Backwardness of Jammu and Ladakh

2446. SHRI KRISHAN LAL SHARMA: Will the PRIME MINISTER be pleased to state:

(a) whether it is a fact that out of the three regions of Jammu and Kashmir State, two regions namely Jammu and Ladakh are still very backward, politically as well as economically;

(b) if so, what measures are proposed to be taken by Government to remove regional imbalances in the State;

(c) whether it is also a fact that Government have decided to create statutory and autonomous Hill Districts Council in Ladakh and if so, the details thereof;

(d) whether Government also propose to create a statutory Regional Development Council for Jammu region; and;

(e) if so, by when?

THE MINISTER OF STATE IN THE PRIME MINISTER'S OFFICE (SHRI BHUVNESH CHATURVEDI): (a) and (b) No, Sir. Backwardness in Jammu & Kashmir is not a regional phenomenon. Barring the Kashmir Valley proper and the plains of Jammu region, all the hilly areas of the State are backward. However, Ladakh being geographically isolated with very sparse population, a vast area and an inhospitable terrain which remains landlocked for nearlv six months in a year, the people in the region have had special problems distinct from those of other areas of State of Jammu & Kashmir. The State Government are consciously making higher per capita allocation of plan funds for the hill Districts and areas of the State to accelerate the pace of development in these areas which will lead to narrowing down the spatial disparties.

(c) To promote and accelerate the pace of development and equitable all-round development having regard to its peculiar geoclimatic and locational conditions and to stimulate participation of the local community in the decision making process, the Ladakh Autonomous Hill Development Councils Act, 1995 has been enacted on 7th May, 1995.

(d) and (e) There is no proposal to create Statutory Regional Development Council for Jammu region.
